

## PROFESSIONAL HOTEL BED

### 5-PRO R

#### Product specification:

- Solid spruce construction with an integrated slatted base in the sleeping surface covered with non-slip fabric. To soften the contact surface, the lying surface is lined with PUR foam, and the sides are padded with fleece.
- The bed is characterised by its rounded corners.
- Option to choose gliders for easier handling.
- Load capacity up to 140 kg.
- 5-year warranty.

#### Technical parameters:
